

Bank Iowa reserves the right to determine, in its sole discretion, whether a submitted image will be accepted or rejected. All images submitted must have the consent of the owner including those images downloaded from the internet. Bank Iowa will reject images that contain any of the following:

- Trademarks, copyrighted materials, company names, logos, slogans, brands of any third party or any material that could infringe on copyright or trademark rights
- Celebrities, actors, musicians, professional athletes, politicians or public figures of any kind (the only exception to this is permission-based photos of you, your family members or friends photographed with a famous person)
- Cartoon characters or artwork that you have not created and/or do not have permission from the copyright owner to use
- People conducting or involving themselves in criminal or illegal activities or otherwise inappropriate behavior
- Racial, political or socially sensitive material
- Provocative, lewd or sexual content – including nude or semi-nude
- Obscene, indecent or offensive material, including profanity or any other obscenities
- Phone numbers, addresses, account numbers, personalized identification numbers or URL addresses
- Any image we deem unacceptable to be associated with the Bank Iowa brand

Please note

Images that do not meet the above guidelines will be rejected, and you will be notified by email. You may then submit another image. Bank Iowa reserves the right to exclude anyone from future use of the custom card design service who submits or repeatedly submits images that do not follow these guidelines.

Tips for selecting an image

- Image files need to be in either jpeg, gif or png formats
- Images should be a minimum of 1024x786 pixels for best picture quality
- Small images will reproduce poorly; for best results and greater image clarity, use larger images with higher resolutions
- The time your image takes to upload depends on your Internet connection speed; the larger the image, the longer it will take to upload
- Keep in mind, you'll have the opportunity to make some adjustments to the appearance of your image in the debit card design lab
- If you increase the scale of your image too much, it may print poorly if you have a smaller file size
